

2011-12 CMA STUDENT AMBASSADOR – Dylan Hunt – Trent University – Business Administration

My Name is Dylan Hunt. I am a fourth year Trent University Business Administration student. I spent the first semester of my third year in Osaka, Japan, and the following summer in Hong Kong on an internship. I love travelling abroad and plan to take my CMA designation (once I get it) with me wherever I end up. I am an active student both physically and in terms of getting involved in my school. I am the director of Marketing for the Trent Business Students association and am always busy planning new events to get students involved on Campus. I love interacting with other students and meeting new people. I have attended networking events across Canada, including Roundtable in Kelowna, BC, and am working on various case competitions for the upcoming year, including JDCC. My father is a CMA and has always provided me with an interest in the designation. I have learned firsthand what being a CMA can do for a businessperson and will actively pursue the designation for myself upon graduation. I look forward to a year working with CMA and the amazing people I have met and will continue to meet on this journey.

If you would like to contact Dylan, feel free to email him at
