

2011-12 CMA STUDENT AMBASSADOR – Nolan Goyette – University of Windsor – Odette School of Business – Honours Bachelor of Commerce

Hello, my name is Nolan Goyette and I am a third year Bachelor of Commerce Honours student at the University of Windsor concentrating in Accounting. I am looking forward to representing the Odette School of Business as the CMA Student Ambassador for the 2011/2012 academic year. As a student, I participate in many extra-curricular events and student clubs, as well as I own and operate my own ice hockey rink painting business called IceMaster. Currently I operate all throughout South-Western Ontario and enjoy the endless possibilities.

I became interested in the CMA designation because of its management orientation. I enjoy accounting and utilizing my creative thinking, which is why I chose the CMA designation. I personally believe the CMA designation offers an infinite amount of opportunities, which fits in very well with my career ambitions. This alone is my motivation to spread the word about the CMA designation with students and my community. Getting involved with CMA has allowed me to expand my network and get involved with the many events that are held within Ontario. I am excited to meet those individuals who are interested in becoming a CMA or are undecided in their career path. It is my goal to spread awareness for the CMA designation and provide support and information for students to learn about the designation.

If you would like to contact Nolan, feel free to email him at
