

**2011-12 CMA STUDENT AMBASSADOR – Sara Bartolomeo - York University –
Schulich School of Business, Bachelor of Accounting**

I am entering my final year of studies at the Schulich School of Business. I recently returned from a semester spent studying at EDHEC Business School in France and had the most incredible time! It really opened up my eyes to the career opportunities available abroad. I have really enjoyed my business education thus far and upon graduating, I am looking to work in the field of operations management or finance for a media company or non-profit organization. I am currently a Columnist and the Advertising Director for INSIDER Media Group, Schulich's business publication, and I love to write about business and the government and their at times tumultuous relationship. When I'm not studying or writing, I love to check out live music in Toronto. I have spent the past two summers working at CMA Ontario's downtown office, and learning more about the designation from my time there as well through my accounting studies at Schulich. I am really looking forward to my role as the CMA Student Ambassador at Schulich for the following academic year!

If you would like to contact Sara, feel free to email her at
