### Coaching for Great Work

Coaching effectively doesn't have to be a "black-art", require years of training, the perfect personality type or as much time as you think. Indeed, when you have a proven, straight-forward, paint-by-numbers system you can capture the value coaching has to offer very quickly and easily. Please join us as Jamie Broughton shares with us real-world, results oriented coaching skills for the time-strapped manager.

Jamie Broughton is the founder of Footprint Leadership and he specializes in helping organizations fully leverage their emerging leaders. He has been featured in the Globe and Mail/Profit Magazine and featured on CBC Radio. Watch for Jamie's forth-coming book "Get the Best from Your Best".
