

Speed Networking Event

Why should we network? To meet new people and build mutually beneficial business relationships; to develop and share ideas, innovation and knowledge of best practice; to obtain valuable contacts, because you meet others who know others!

Speed Networking is similar to speed dating only we are meeting business connections in 2 minute intervals. This is a structured networking opportunity to give CMAs and guests a chance to mingle and get introduced to other CMAs at different levels in their careers. You will meet in a social atmosphere to introduce yourself to as many people as time allows. You can bring business cards or other printed material you want to share.

The advantage of networking at speed is that you have the opportunity to meet and exchange business cards with a relatively large number of other business people and if you find it difficult to 'move on', the enforced procedure means that you are not left talking to the same person for the whole of the event.

About Connie Stamper, Networking Speaker

**Connie Stamper, CMA
Branch Manager
Robert Half International**

Connie Stamper is a Branch Manager for Robert Half International. Her area of responsibility includes managing the daily operations of the company's Kitchener-Waterloo office.

Connie has spent more than six years of her professional life in the recruitment industry and has experienced all phases of the job market cycle first-hand. She is an expert in employment trends and her insight into the workplace is often featured in major print, radio and television media outlets throughout Southern Ontario. Under Connie's direction, Robert Half has achieved great success in establishing itself as a leading provider of highly skilled professionals.

Prior to joining the organization, Connie worked in the logistics and manufacturing industries and attained her Certified Management Accountant (CMA) designation. She holds a Bachelor of Arts degree in Management and Economics from the University of Guelph as well as a Masters degree from Griffith University in Australia.
